

## **Session Program**

**17-21 Feb 2025**

# **VCI2025 - The 17th Vienna Conference on Instrumentation**

## ***Calorimetry***

Vienna University of Technology  
Gusshausstraße 27-29, 1040 Wien

# Tuesday 18 February

14:00

## Calorimetry: 1

**Session** | **Location:** EI9 | **Convener:** Shikma Bressler

14:00–14:20 **The LHCb PicoCal**

**Speaker**

Aleksandar Bordelius

14:25–14:45 **Test-Beam Results of a Dual-Readout Calorimeter for Future Colliders**

**Speaker**

Laura Nasella

14:50–15:10

**High-granularity crystal calorimeter developments for future Higgs factories**

**Speaker**

Yong Liu

15:15–15:35 **Maximum Information Crystal Calorimetry for future Higgs factories**

**Speakers**

Andrea Benaglia, Marco Toliman Lucchini

15:40

16:30

## Calorimetry: 2

**Session** | **Location:** EI9 | **Convener:** Shikma Bressler

16:30–16:50 **Results from the Digital Calorimeter Prototype EPICAL-2**

**Speaker**

Johannes Keul

16:55–17:15

**CRILIN: a novel calorimeter proposal for the  $\sqrt{s}=10$  TeV Muon Collider - Simulations and prototype tests results**

**Speaker**

Carlo Giraladin

17:20
