

ML4Jets2024

Thursday 7 November 2024

Foundation models - Salle Séminaires (16:00 - 17:40)

-Conveners: Tianji Cai

time	[id] title	presenter
16:00	[32] Learning powerful jet representations via self-supervision	WANG, Shudong
16:20	[28] OmniLearn: A Method to Simultaneously Facilitate All Jet Physics Tasks	MIKUNI, Vinicius Massami
16:40	[43] OmniJet-alpha and beyond: foundation model updates	HALLIN, Anna Maria Cecilia
17:00	[31] A Novel Approach to Training Foundation Models for Jet-Related Tasks Without Vector Quantization	MORINAGA, Masahiro
17:20	[54] Large-Scale Pretraining and Finetuning for Efficient Jet Classification in Particle Physics	ZHAO, Zihan
