

Session Program

27-28 Jun 2011

EURISOL-NET (ENSAR/NA03) Working Group

Target Material Studies

CERN

Monday 27 June

15:00

Target Material Studies

Session | **Location:** CERN, 40/S2-D01 - Salle Dirac | **Convener:** Said Essabaa

15:00–15:20 **Recent results on development of the SPES production target**

Speaker

Dr Alberto Andrighetto

15:20–15:40 **The R&D on target material at IPNO**

Speaker

Ms Evelyne Cottureau

15:40–16:00

Latest progress for the RIB production for the future activities at GANIL/SPIRAL2

Speaker

Dr Hanna Franberg Delahaye

16:00–16:20 **Uranium Carbide Material Developments at CERN-ISOLDE**

Speaker

Dr Alexander Gottberg

16:20
