

Theory & Experiment #2

in High Energy Physics

March 12-14, 2024 in Budapest

Invited speakers

Tomáš Blažek

Zoltán Trócsányi

Zoltán Bajnok

Gabriella Pásztor

Dezső Varga

Amina Khatu

High Energy Physics in the Visegrad Region

- Theory and experiment in heavy ion physics
- New results from LHC
- Perturbative QCD
- Neutrinos and grand unification
- Rare decays

#1 Bratislava 26.-28. July 2023

#2 Budapest 12.-14. March 2024

#3 Warsaw Summer 2024

#4 Prague Autumn 2024

Organising Committee

Gergely Gábor Barnaföldi

Anish Ghoshal

Peter Maták

André Sopczak

Venue

HUN-REN Wigner Research Centre for Physics

Konkoly-Thege Miklós út 29-33.

1121 Budapest, Hungary

Registration
