

# **PhD School on QCD in extreme conditions**

Sunday 14 July 2024 - Tuesday 16 July 2024

## **Book of Abstracts**

# Contents

Lattice QCD at finite temperature and density . . . . .	1
QCD Phase structure . . . . .	1
Neutron Star . . . . .	1
Functional QCD and the QCD phase diagram . . . . .	1
Lattice QCD at finite temperature and density . . . . .	1
QCD Phase structure . . . . .	1
Neutron Star . . . . .	1
Functional QCD and the QCD phase diagram . . . . .	2
Non-equilibrium phase of QCD . . . . .	2
Functional QCD and the QCD phase diagram . . . . .	2
Non-equilibrium phase of QCD . . . . .	2
Neutron Star . . . . .	2
Opening Remark . . . . .	2
QCD Phase structure . . . . .	3
Opening remark . . . . .	3

1

## **Lattice QCD at finite temperature and density**

**Corresponding Author:** karsch@bnl.gov

2

## **QCD Phase structure**

**Corresponding Author:** vskokov@ncsu.edu

3

## **Neutron Star**

**Corresponding Author:** koutarou.kyutoku@gmail.com

4

## **Functional QCD and the QCD phase diagram**

**Corresponding Author:** j.pawlowski@thphys.uni-heidelberg.de

5

## **Lattice QCD at finite temperature and density**

**Corresponding Author:** karsch@bnl.gov

6

## **QCD Phase structure**

**Corresponding Author:** vskokov@ncsu.edu

7

## **Neutron Star**

**Corresponding Author:** koutarou.kyutoku@gmail.com

**8**

## **Functional QCD and the QCD phase diagram**

**Corresponding Author:** j.pawlowski@thphys.uni-heidelberg.de

**9**

## **Non-equilibrium phase of QCD**

**Corresponding Author:** michal.p.heller@gmail.com

**10**

## **Functional QCD and the QCD phase diagram**

**Corresponding Author:** j.pawlowski@thphys.uni-heidelberg.de

**11**

## **Non-equilibrium phase of QCD**

**Corresponding Author:** michal.p.heller@gmail.com

**12**

## **Neutron Star**

**Corresponding Author:** koutarou.kyutoku@gmail.com

**13**

## **Opening Remark**

**14**

## **QCD Phase structure**

**Corresponding Author:** vskokov@ncsu.edu

**15**

## **Opening remark**

**Author:** Yi Yin<sup>1</sup>

<sup>1</sup> *Institute of modern physics, Chinese Academy of Sciences*

**Corresponding Author:** yiin@impcas.ac.cn
