

# HIGGS 2024

## Tuesday 5 November 2024

### Higgs physics at future colliders 1 - sal IV (13:30 - 15:10)

-Conveners: Loukas Gouskos; Gauthier Durieux

time	[id] title	presenter
13:30	[40] Higgs couplings and detector requirements at the FCC-ee	Dr SCIANDRA, Andrea
13:50	[73] Highlights of the Higgs physics at ILC	Dr TIAN, Junping
14:10	[42] Higgs physics at the FCC-hh	STAPF, Birgit
14:30	[100] Prospects for single Higgs couplings measurements at the multi-TeV muon collider	MONTELLA, Alessandro
14:50	[41] Higgs properties (mass/width/CP) and detector requirements at the FCC-ee	CEPEDA, Maria
