

Nuclear Physics European Collaboration Committee (NuPECC)
Is the European Expert Board for Nuclear Physics hosted by European Science Foundation

In June 2022, NuPECC launched the call for input for the Long Range Plan 2024 (LRP2024). The work was split among 10 thematic working groups with the goal to identify opportunities and priorities for nuclear science in Europe.

The draft of the LRP2024 was presented to the Community at the Town Meeting 15-17 April 2024 in Bucharest.

The official LRP2024 presentation will be on the 19.11.2024 in Brussels
