

CERN - Ukraine 2024: "Past - Present – Future" Conference, Kyiv Ukraine, May 28-29, 2024

Tuesday, May 28, 2024 - Wednesday, May 29, 2024

Programme

Authors are encouraged to submit abstract for the following scientific topics/tracks:

Modern accelerator technology and future colliders

Electrodynamics of High Energy in Matter including Interactions of Particles in Bent Crystal

Detectors for LHC and future colliders

Physics of LHC experiments

Physics beyond colliders

Neutrino physics

Particle physics theory (including heavy ion & neutrino physics)

Other subjects related to work at CERN (computing, outreach, etc.)
