***Flavour and CP violation 2***

## Tuesday 3 December

17:30

### Flavour and CP violation 2

**Session** | **Location:** Exhibition and Convention center, Urška 4, Dunajska cesta 18, 1000 Ljubljana, Slovenia

17:30–17:45

#### Searches for hidden sectors and lepton flavour violation in kaon decays

**Speaker**

Tomas Blazek

17:45–18:00

#### A Strangeness Adventure: Kaonic Atom Measurements with SIDDHARTA-2 at the DAΦNE Collider

**Speaker**

Francesco Artibani

18:00–18:15

#### The n<sup>2</sup>EDM experiment, a high-sensitivity search for the neutron electric dipole moment

**Speaker**

Victoria Kletzl

18:15–18:30

#### Anomaly awareness estimation in $b \rightarrow s \ell \ell^+ \ell \ell^-$ with VAEs

**Speaker**

Bernat Capdevila

18:30–18:45

#### The electron-EDM in the decoupling limit of the aligned 2HDM

**Speaker**

Juan Manuel Dávila Illán

18:45
