***Flavour and CP violation 3***

# Wednesday 4 December

16:00

## Flavour and CP violation 3

**Session** | **Location:** Exhibition and Convention center, Urška 4, Dunajska cesta 18, 1000 Ljubljana, Slovenia

16:00–16:15

### Taming Penguins: towards high precision measurements of $\phi_d$ and $\phi_s$

**Speaker**

Kristof Antoon M De Bruyn

16:15–16:30

### Penguin decays of B mesons

**Speaker**

Dr Aritra Biswas

16:30–16:45

### Implications of cascade topologies for rare charm decays and CP violation

**Speaker**

Eleftheria Solomonidi

16:45–17:00

### Particle-antiparticle asymmetries in hadronic charm decays at LHCb

**Speaker**

Luca Balzani

17:00–17:15

### Rare charm decays at LHCb

**Speaker**

Marco Colonna

17:15
