### Presentations: Motivation and plans for collimation upgrade (with ATS management)

Session | Location: CERN, 13/2-005

14:00–14:05 **Expectations from Review**

**Speaker**

Steve Myers

14:05–14:30 **Collimation project upgrade plan and questions**

**Speaker**

Dr Ralph Assmann

14:30–14:35 **Discussion**

14:35–14:50 **Dispersion-suppressor upgrade IR3**

**Speaker**

Vittorio Parma

14:50–14:55 **Discussion**

14:55–15:10 **Proton beam performance with and without IR3 upgrade**

**Speaker**

Adriana Rossi

15:10–15:15 **Discussion**

15:15–15:30 **Ion beam performance with and without IR3 upgrade**

**Speaker**

Giulia Bellodi

15:30–15:50 **Coffee Break**

15:50–16:05 **Energy deposition with and without IR3 upgrade**

**Speaker**

Dr Vittorio Boccone

16:05–16:10 **Discussion**

16:10–16:25 **Impedance without IR3 upgrade**

**Speaker**

Nicolas Mounet

16:25–16:30 **Discussion**

16:30–16:50 **Outcome Risk Review for IR3 Work**

**Speaker**

Philippe Lebrun

16:50-16:55

**Discussion**

16:55-17:10

**Activation issues in dispersion suppressors****Speaker**

Stefan Roesler

17:10-17:15

**Discussion**

17:15-17:30

**Radiation damage in dispersion-suppressor magnets****Speaker**

Dr Davide Tommasini

17:30-17:35

**Discussion**

17:40
