Dear Hyperloop enthusiasts, dear colleagues,

we are sadly obliged to notify you on the postponement of the inauguration of the GoTube research facility at the University of Applied Sciences Emden/Leer, Constantiaplatz 4, 26723 Emden - Germany. Delivery bottlenecks in the supply chains and resulting manufacturing delays require a rescheduling of the inauguration. We will keep you updated on the revised agenda, please feel free to follow the construction log on our website www.iht-empden.de.
