

Higgs Pairs Workshop 2025

Sunday 11 May 2025 - Saturday 17 May 2025

Isola d'Elba

Scientific Programme

Non-resonant HH and self-coupling

Resonant HH/SH and BSM models

Performance: trigger, object reconstruction, calibration, and identification

Self coupling at future colliders

Rare production mode (VHHH, HHH, ...) and quartic-coupling

Others

This abstract can be considered also for a Lightning talk (~5/7 minutes talk)

This abstract can be considered also for a poster
