

# WG2 Discussion

Anna Macchiolo (UZH)

Alessandro Tricoli (BNL)

Martin van Beuzekom (Nikhef)

*1st DRD3 Workshop,  
Working Group 2 (WG2) Session  
18<sup>th</sup> July 2024*

# Topics for Discussion

- General Questions on Presented Projects
- Are there Ideas for Projects that were not presented?
- Are the Research Themes (2.1-2.4) well covered?
  - 3D R&D needs stronger effort
  - What about 4D readout towards detector implementations (ASICs), e.g for 3D?
- Are there informal clusters/collaborations between institutes?
- Test-beam planning for next year - feedback on use cases and where?
- Next (virtual) meeting (~2 h)? - last week of July?
  - New Project Proposals
  - Updated Scientific Results
  - Update of WG2 organisation and structure
  - Short Round-Table (status of activities, planning etc.)
