

- **Update on projects proposals**
  - We expect that the projects will develop during summer
  - Aim to “finalize” the first round of projects in early September
- **Projects proposals updates with more details in**
  - dedicated research goals
  - work “areas or working group within project
  - milestones and delivery tables
  - approximate plan for submissions and first sharing of resources for design engineers and testing effort within the project
  - collect filled-in project templates during summer
- **In case of questions** contact your conveners: **drd3-wg1-conveners@cern.ch**
- **Next dedicated WG1/WP1 meeting in September**
  - Half-way between DRD3 collaboration meeting (DRD3 next collaboration meeting in November)
  - We would like to facilitate matching of Institute’s Expression of Interests and submitted projects to a common WG1/WP1 workplan
  - Goal is to establish a common WG1/WP1 work plan based in submitted projects and EoI in research themes to be presented by the November DRD3 week
  - Discuss interlinks between projects, overlap/complementarity between projects
  - Zoom meeting (1 day) dedicated to project
  - Date to be confirmed (newdle to be send out to find the most convenient date)
