

## **Session Program**

**29-30 May 2024**

# **ICEC - CERN Project STELLA Kick-off Meeting “Re-engineering the Next Generation of Medical Linear Accelerators for Use in Challenging Environments”**

## ***Session 6***

CERN, 40/S2-B01 - Salle Bohr

# Thursday 30 May

08:45

## Session 6: Training Deliverables and Service and Maintenance Models and Needs

**Session** | **Location:** CERN, 40/S2-B01 - Salle Bohr | **Conveners:** Graeme Campbell Burt, Eugenia Wendling

### 08:45–08:50 Overview and Key Challenges

**Speaker**

Eugenia Wendling

### 08:50–08:55 Training - IAEA Perspective

**Speaker**

Dr May Abdel-Wahab

### 08:55–09:00 CERN Training Resources and Collaborations

**Speaker**

Steinar Stapnes

### 09:00–09:05 Training - KHCC Perspective

**Speaker**

Dr Jamal Khader

### 09:05–09:17 Facilitated Discussion - Training Needs

**Speaker**

Eugenia Wendling

### 09:20–09:32 Service and Maintenance - ITAR CDR

**Speaker**

Graeme Campbell Burt

### 09:35–10:10 Facilitated Discussion - Service and Maintenance

**Speakers**

Mauro Carrara, Steinar Stapnes

### 09:45–09:57 Service and Maintenance from the LMIC Perspective

**Speaker**

Dr Salwa Boutayeb

### 10:10–10:15 Session Summary and Next Steps

**Speakers**

Eugenia Wendling, Graeme Campbell Burt

10:15
