

6th International Workshop on New Photon-Detectors (PD24)

Tuesday 19 November 2024

Astroparticles, Astrophysics and Astronomy (2) (Chair: Josh Klein, Feng Shi) - Room: 1400-1430 (15:10 - 16:40)

time	[id] title	presenter
15:10	[33] Development of a Wide-Band Gamma-Ray Camera Onboard a 50 kg-Class Small Satellite GRAPHIUM	Mr MORI, Ryohei
15:28	[8] The Plastic Scintillator Detector for the future High Energy cosmic-Radiation Detection facility on board the Chinese Space Station	GARGANO, Fabio
15:46	[36] The Analog Photon Processor ASIC	KLEIN, Joshua R
16:04	[49] Development of an imager with high time resolution optical photon counter	SATO, Anju
16:22	[34] Performance of Large-Area 1D CRL Position Sensitive Silicon Photomultiplier Array	SHAO, Yang
