

## Heidi Laine

CSC – IT Center for Science

### Biography

Heidi Laine works as a Senior Coordinator at IT Center for Science CSC in Finland. She's part of CSC international collaboration coordination team, where her responsibilities include among other things leading work packages in the EOSC-ENTRUST and OpenWebSearch.eu projects, and representing CSC in the Research Data Alliance organisational assembly and Knowledge Exchange partnership steering group.

Before her current position, Heidi worked for many years as the customer interfacing manager of CSC services for general research data and sensitive data management. She is an expert in research ethics and integrity, and a certified data protection expert (CIPP/E).

Heidi is a Master of Social Science by training. During her postgraduate studies (uncompleted) she was a strong advocate for Open Science, organising campaigns and projects to promote openness and citizen science, collaborating f.e. with the Open Knowledge Foundation, FinELib consortium, and Council of Rectors of Finnish Universities.
