

# Ignacio Blanquer

UPV, DT-GEO

## Biography

Ignacio Blanquer has been a member of the Computer System Department at UPV since 1999 and a full professor since 2019. He joined the Grid and High-Performance Computing group of the Institute of Instrumentation for Molecular Imaging (I3M) in 1993, became its leader in 2015, and vice-director of I3M in 2019.

Currently, he is an elected member of the Board of Directors of the European Open Science Cloud (EOSC) Association. He has served as an expert to the Spanish Ministry of Science in e-Science and is the Spanish delegate of the e-Infrastructures Reflection Group (e-IRG). He has coordinated three European projects on cloud applications for science and is a work package coordinator in projects like PRIMAGE, CHAMELEON, and EUCAIM. Additionally, he is a senior researcher in the Biomedical Imaging Research Group at La Fe hospital in Valencia. In DT-GEO, he focuses on SW quality validation.
