

Salvador Capella-Gutierrez

Barcelona Supercomputing Center, EOSC4CANCER

Biography

Salvador Capella-Gutierrez, PhD, leads since 2017 the Coordination team of the Spanish National Bioinformatics Institute (INB) at the Barcelona Supercomputing Center (BSC). INB is the Spanish node of ELIXIR.

A bioinformatician with a solid technological background in Computer Engineering and Health Sciences, he received his PhD in Bioinformatics in 2012, awarded by the Center for Genomic Regulation (CRG) and Pompeu Fabra University (Barcelona). Currently, he is focused on developing research infrastructures at national and European levels to make optimal use of health-related data. This is only possible with the commitment of different stakeholders and the development of policies and best practices that encourage the cross-border use of
