

Ilaria Nardello

EOSC Association

Biography

Ilaria Nardello joined the EOSC Association team in November 2021, as Senior Policy Officer. Ilaria has a broad international managerial experience, with a focus on the spinning up and sustainable management of initiatives at the interface between science, policy and industry. Between 2015-2019, Ilaria led the establishment of the 18th European Research Infrastructure Consortium. She then went on to create “Eramaris – from Science to Business” – her own enterprise, based in Italy. Ilaria is an expert advisor to the EU Commission on research and innovation actions and policy implementation monitoring. She is a visiting professor at University of Milano Bicocca.

Ilaria holds a Ph.D. in Ecology and Sustainable Management of Biological Resources. She also holds an Executive Masters’ Degree in Management and Business Administration of Research Infrastructures.
