York Sure-Vetter

Director German National Research Data Infrastructure (NFDI)

Biography

Prof Dr York Sure-Vetter is Director of the German National Research Data Infrastructure (NFDI) and Professor at the Karlsruhe Institute of Technology (KIT).

He has proven research experience in artificial intelligence and data science. During his career, he has held various positions in the scientific system and also in the industrial sector.

Among other things, he was a visiting professor at Stanford University in the field of medical informatics in 2006, Senior Researcher at SAP AG, Walldorf, from 2007 to 2009 and President of GESIS - Leibniz Institute for the Social Sciences, the largest German research infrastructure for the social sciences, from 2009 to 2015.

Prof Dr York Sure-Vetter is a member of various strategic and scientific advisory boards, for example at the German Research and Education Network (DFN-Verein).
