

Thanasis Vergoulis

Athena Research Centre

Biography

Dr. Thanasis Vergoulis (M) is the Development and Operation Director of OpenAIRE AMKE and a scientific associate at IMSI, "Athena" RC in Greece. He received his Ph.D. in Computer Science from NTU of Athens, under the supervision of Prof. Timos Sellis in 2014. Since then, he has been involved in several EU and national ICT projects involving big data management, scholarly knowledge representation and management, scientometrics, research analytics, and bioinformatics. He has served as a member of the program or organising committee for several CS conferences and workshops, and as a guest editor in special issues of well-established journals, while he has co-edited a book titled "Predicting the Dynamics of Research Impact" (Springer, 2021). He has been teaching courses in undergraduate and postgraduate levels in academic institutions in Greece and Cyprus.
