

# Giulia Malaguarnera

OpenAIRE

## Biography

Giulia Malaguarnera works at OpenAIRE as an Outreach and Engagement Officer, engaging users and partners in the development of scholarly communication services.

She has been involved in EOSC projects since 2021, and more recently, she has been working on GraspOS, focusing on dataspace architecture and user engagement. Additionally, she supports OpenAIRE by participating in the CoARA Working Group 'Towards Open Infrastructures for Responsible Research Assessment,' contributing to the development of policy and sustainability in e-infrastructures. Giulia is a researcher with experience in academia, industry, and policy.
