Elli Papadopoulou
Athena Research Center

Biography

Elli Papadopoulou is a digital librarian and research associate at the Institute for the Management of Information Systems of Athena Research Center. Her academic background is in Library Science and Information Systems (BSc) and in Public Policy and Public Management (MSc).

Elli is active in Open Science from 2013, supporting awareness, adoption and implementation of policies and best practices across the Greek academic and research communities serving as the OpenAIRE representative in Greece (NOAD-GR). She enjoys collaborating with colleagues on Open and FAIR Research Data Management through RDA, managing the ARGOS DMP service and serving as a member at the EOSC-A FAIR Metrics and Data Quality Task Force. In EOSC, she has contributed to policy, technical conceptualisation and implementation activities in different projects since the very beginning of EOSCpilot. She is currently deputy coordinator of the OSTrails project.
