Chris Schubert

TU Wien, EOSC TF FAIR Metrics & Digital Objects

Biography

Chris is Head of Media Management and Library-IT, TU Wien and Local Coordinator of the European University Alliance, EULiST. Chris Schubert has been working for almost 20 years in data interoperability and semantics. He was heavily involved in the EU INSPIRE Directive at the European Commission, especially for data modeling and EU vocabulary management. In Austria, he was responsible for setting up a Climate Research Data Infrastructure between 2015 and 2020 and is currently working on semantic technologies for library services. He chaired different Working and Expert Groups, like the GEO (Group on Earth Observation) Data Sharing and Data Management Principles Working Group, as co-chair of the former EOSC-A Task Force FAIR Metrics and Data Quality. As a member of the ISO Technical Committee 211 (Geoinformatics), he is intensely involved in the ISO Terminology WG. He is the representative of CODATA Austria.
