

# Josefine Nordling

CSC – IT Center for Science

## Biography

Senior Open Science and FAIR data policy and practice specialist in an international context at the Data Management Office at CSC- the IT Center for Science in Finland.

She is leading work on Open Scholarship (PIDs, Open Science and Research Evaluation) and acts as the Finnish partner representative in the collaboration network Knowledge Exchange. She is also very keen on finding ways of incentivizing open and FAIR research. She is currently involved in the EOSC projects FAIR-IMPACT and GraspOS.
