

Paolo Manghi

Institute of Information Science and Technologies - CNR, Italy
OpenAIRE AMKE, Greece

Biography

Dr. Paolo Manghi (PhD) is a computer science researcher, currently working at the Istituto di Scienza e Tecnologie dell'Informazione (ISTI) of Consiglio Nazionale delle Ricerche (CNR) in Pisa, Italy. Additionally, he serves as the Chief Technology Officer of OpenAIRE AMKE and plays a key role in coordinating and engaging in activities related to EOSC projects such as EOSC-Beyond, EOSC-Future, FAIRCORE4EOSC, and SciLake. His research focuses primarily on infrastructures that facilitate scientific life-cycles, scholarly communication, open science publishing, reproducibility, and research assessment.
