

# Anna Krivjanska

Slovak Centre of Scientific and Technical Information

## Biography

Anna Krivjanska heads the Department of International Cooperation of the Slovak Centre of Scientific and Technical Information (CVTI SR). Represents Slovakia in the EOSC (European Open Science Cloud) structures as a national delegate in the EOSC Steering Board and in the EOSC Association.

At CVTI SR, Anna Krivjanska is involved in establishing international collaborations aiming to implement innovative solutions and embedding Slovakia in European research partnerships and networks. She coordinates the National Horizon Europe and ERA (European Research Area) support structures – National Contact Points and the Slovak Liaison Office for R&D in Brussels. Anna is responsible for coordination and management of international projects implemented by the institution (Horizon Europe, INTERREG programs).

As her background, Anna has expertise in environmental engineering, and since 2020 she has been active in COVID-19 national genomic surveillance and monitoring initiative. In 2022 she initiated and led the establishment of the National EOSC SK secretariat representing a support unit and national contact point with aim to: address a wider forum of stakeholders; operate the information portal [www.eosc.sk](http://www.eosc.sk); organize information days, events; distribute strategic documents towards
