## Minutes and general news

*Friday 21 October 2011 09:00 (15 minutes)*

### News:

- Granada feedback generally positive, a well organised workshop with a format well suited for discussions outside the session. Improvements: Too many parallel sessions and too few common sessions ?
- LCWS2012 Arlington, TX, 22-26.10 (IEEE special day and a half 29-30.10 (Anaheim))
- Useful discussions with the Spanish collaborators during the WS
- CASC meetings have been geared towards work-package planning
- CSC meeting 11.10: CDR progress and signature page, WP planning and CB issues, Lin. collider organisation, input to the European Strategy
- Report in EN and BE Man. Boards 17.10 concerning the CLIC planning towards APT and associated group discussions in the next months
- CERN-Russian 5+5 meeting 17.10, Russia approaching CERN more
- Space committee meeting (see report of Steffen)
- ICFA seminar at CERN/FALC meeting 3-6.10
- Please sign up for the CDR at: <https://indico.cern.ch/conferenceDisplay.py?confId=136364>
