

# Future computing in particle physics

## Wednesday 15 June 2011

### Overview and LHC Computing Challenges - Cramond Room (14:00 - 17:00)

-Conveners: Roger Jones

time	[id] title	presenter
14:00	[0] Welcome and Overview	CLARK, Philip
14:10	[2] Atlas computing challenges	SHANK, Jim
14:30	[3] CMS strategic and tactical choices for multicore computing	Mr EULISSE, Giulio
14:50	Tea and Discussion	
15:20	[4] Atlas software challenges	ROUSSEAU, David
15:40	[30] ATLAS Distributed Computing Plans for the Future	Dr KLIMENTOV, Alexei
16:00	[5] Issues with Simulating Events at High Luminosity in ATLAS	CHAPMAN, John Derek
16:30	[31] Discussion
