

2nd DRD1 Collaboration Meeting & Topical Workshop on Electronics for
Gaseous Detectors

Contribution ID: 74

Type: **not specified**

**Progress on fine granularity resistive Micromegas
and preliminary results of the capacitive sharing
technique**

Monday 17 June 2024 14:45 (25 minutes)

Presenters: BIGLIETTI, Michela; BIGLIETTI, Michela (INFN Roma Tre)

Session Classification: Working Group 1: Technological Aspects and Developments of New Detector Structures, Common Characterization and Physics Issues
