

2nd DRD1 Collaboration Meeting & Topical Workshop on Electronics for
Gaseous Detectors

Contribution ID: 77

Type: **not specified**

**First results of the cylindrical μ RGroove prototype
for STCF inner tracker**

Monday 17 June 2024 14:20 (25 minutes)

Presenter: ZHOU, Yi (University of Science and Technology of China (CN))

Session Classification: Working Group 1: Technological Aspects and Developments of New Detector Structures, Common Characterization and Physics Issues
