

IPPOG in the Spring: Returning to Fermilab

Spencer Pasero

28th IPPOG Collaboration Meeting

26 November 2024

Returning to Fermilab

Fermilab is excited to host IPPOG for the second time, and the first time in 12 years. What to expect:

- May 13: Group meetings
- May 14 & 15: Collaboration meeting
 - Celebration of QuarkNet @ 25
 - Focus on neutrino physics, muon physics, and new Fermilab experiments
 - Tours of Fermilab facilities
 - Including redesigned Lederman Science Center
- May 16: 1/2 day Collaboration Board meeting
