

Session Program

29 August 2011 to 2 September 2011

**Implications of LHC results for TeV-scale
physics**

Plenary: Higgs and New Physics

Thursday 1 September

14:00

Plenary: Higgs and New Physics

Session | Location: CERN, 222/R-001

14:00–14:30 Hidden Higgs

Speaker

Jack Gunion

14:30–14:50 Light Higgs in SUSY cascades

Speaker

Oscar Stal

14:50–15:10 Higgs and new physics experiment

Speaker

Andre David

15:10–15:40 Prospective Vision on Higgs Searches at LHC

Speakers

Bill Murray, Christoph Paus

15:40
