

Session Program

29 August 2011 to 2 September 2011

**Implications of LHC results for TeV-scale
physics**

Plenary: Higgs and New Physics

Thursday 1 September

14:00

Plenary: Higgs and New Physics

Session | Location: CERN, 222/R-001

14:00–14:30 **Hidden Higgs**

Speaker
Jack Gunion

14:30–14:50 **Light Higgs in SUSY cascades**

Speaker
Oscar Stal

14:50–15:10 **Higgs and new physics experiment**

Speaker
Andre David

15:10–15:40 **Prospective Vision on Higgs Searches at LHC**

Speakers
Bill Murray, Christoph Paus

15:40
