

## **Session Program**

**29 August 2011 to 2 September 2011**

### **Implications of LHC results for TeV-scale physics**

***WG3: Long-Lived particles and other weird things***

# Thursday 1 September

11:00

## WG3: Long-Lived particles and other weird things

Session | Location: CERN, TH Theory Conference Room

11:00-11:15 Di-quarks (theory)

Speaker  
Ben Matthew Gripaios

11:15-11:30 High-multiplicity, soft objects, lepton jets

Speaker  
Adam Falkowski

11:30-11:50 CMS

Speaker  
Dr Jim Brooke

11:50-12:10 ATLAS

Speaker  
Dr David Milstead

12:30

12:10-12:30 Discussion
