

Session Program

2-6 Jun 2025

**23rd Conference on Flavor Physics and CP
Violation (FPCP 2025)**

B meson decays

Monday 2 June

10:00

B meson decays

Session | **Location:** University of Cincinnati Cincinnati, Ohio, USA.

10:00-10:30 **Time-dependent CP violation in B decays**

Speaker

Giuseppe Finocchiaro

10:30

11:00

B meson decays

Session | **Location:** University of Cincinnati Cincinnati, Ohio, USA.

11:00-11:30 **Heavy Quark Theory**

Speaker

Thomas Mannel

11:30-12:00 **Direct CP violation in B decays**

Speaker

Marina Artuso

12:00-12:30 **Semileptonic B decays, determination of V_{cb} and V_{ub}**

Speaker

Renu Garg

12:30

14:00

B meson decays

Session | **Location:** University of Cincinnati Cincinnati, Ohio, USA.

14:00-14:30 **Lattice Results**

Speaker

Luka Leskovech

14:30-15:00 **LFU and LUV in semileptonic B decays**

Speaker

Manuel Franco Sevilla

15:00
