

Session Program

2-6 Jun 2025

**23rd Conference on Flavor Physics and CP
Violation (FPCP 2025)**

Neutrino

Wednesday 4 June

09:00

Neutrino

Session | **Location:** University of Cincinnati Cincinnati, Ohio, USA.

09:00–09:30 **Review of Neutrino Physics**

Speaker
Concha Gonzalez

09:30–10:00 **CPV Measurements with Current and Future LBL Experiments**

Speaker
Joseph Walsh

10:00–10:30 **Results and Prospects from Short-Baseline Reactors and Accelerators**

Speaker
Ohana Benevides Rodrigues

10:30

11:00

Neutrino

Session | **Location:** University of Cincinnati Cincinnati, Ohio, USA.

11:00–11:30 **Neutrinoless double beta decay and neutrino masses**

Speaker
Walter Pettus

11:30–12:00 **BSM physics probes at future neutrino facilities**

Speaker
Ian Shoemaker

12:00
