Oggetto: EP R&D and AIDAInnova poster session

Dear Colleagues,

As you probably heard, we had 22 posters at the EP R&D days and a very good contribution from AIDAInnova collaborators.

The prize winners are attached; with the first place poster being awarded a scholarship by AIDAInnova WP2 for the <https://agenda.infn.it/event/41033/>. annual Bonaudi-Chiavassa International School on Particle Detectors

Thank you to Beatrice for her help in preparing this poster session and to all of you for encouraging contributions.

Cheers Anne
