

Out of equilibrium physics in the vicinity of the QCD critical point and in the initial state

Monday 13 January 2025 11:45 (25 minutes)

Out of equilibrium physics in the vicinity of the QCD critical point and in the initial state

Author: CHATTOPADHYAY, Chandrodoy (North Carolina State University)

Presenter: CHATTOPADHYAY, Chandrodoy (North Carolina State University)

Session Classification: Plenary

Track Classification: 2. Initial State - pre-equilibrium dynamics, baryon stopping, intense electromagnetic field
