

HSE/IRIS-HEP Software Basics Training

July 8–9, 2024

Instructors:

- **Amanda Kis (University of Oklahoma)**
- **Amanda Ho**
- **Julia Christina Costacurta (Stanford University)**
- **Venkata Krishna Bijjam**

Mentors:

- **Andrés Ríos Tascón**
- **Richa Sharma**
- **Lera Lukashenko**
- **Alexander Moreno Briceño**

Local organising committee:

- **Sudhir Malik**
- **Jim Pivarski**
- **Alexander Moreno Briceño**
- **Richa Sharma**
- **Lera Lukashenko**
- **Holly Szumila-Vance**

**THE
CARPENTRIES**

HEP Software Foundation

**If you aren't recording this on Zoom,
enable captioning and start
the recording ...**

(just a reminder)

Everyone is Welcome

- You are physicists working in international collaborations. All of you should know this page:
 - [The CERN code of conduct](#)
- Built on a set of core CERN values →
- Taken together, provide the basis for respect: respect for others, respect for the organization and respect for its mission.
- We encourage a culture of openness where all contributors feel free to engage in the discussion.
- This event is also governed by [The Carpentries Code of Conduct](#)

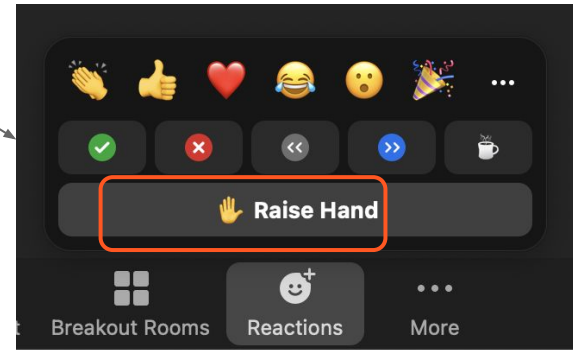

We are here to help!

- Please use the **Slack channel** for longer questions during the session (it's easier to keep track for us than the zoom chat)
Use the 'reply to thread' feature to keep everything sorted

- Dedicated time for questions:
Use the 'raise hand' feature to speak to speak

There is no such thing as a “stupid question”!

Feedback

slower

faster

yes/no

If you haven't done yet...

[1] Join the Slack channel: [invite](#)

If you have troubles to join, let us know now.

[2] Follow the setup pages

- Unix Shell ([setup](#))
- Git ([setup](#))
- Python ([setup](#))

Monday

Welcome

**Meet your
instructors!**

Amanda Kis

*Lecturer, University of Oklahoma
School of Meteorology*

*Adjunct Lecturer, University of
Oklahoma Department of
Mathematics*

My instruction: *Various levels and
types of university meteorology and
mathematics courses*

My expertise is: **STEM education**

**A software and computing problem I'm
grappling with:** **Further integrating coding
(Python) and the results of coding into my
courses**

I've got my eyes on: **Continuing to improve in
Python**

I want to know more about: **Python, AI/ML, R,
web development, pair and mob programming**

Amanda Ho

*Software and Data Instructor,
The Carpentries*

My research: *Data Science
Workshops, Bash, Python, R*

My expertise is: Data visualization, Research data management

A software and computing problem I'm grappling with: Incorporating data literacy in data science workshops

I've got my eyes on: The Replication Crisis, Open Science

I want to know more about: Databases, especially SQL

Krishna Bijjam

Engineering Manager, The Hackett Group

My Instruction: *Git, Shell, SQL, Python, ML and AI at The Carpentries Workshops*

My expertise is: Data engineering, analytics, automation, data Science, business intelligence, cloud, AI/ML.

A software and computing problem I'm grappling with: Impact of data and AI on society and humanity.

I've got my eyes on: Gen AI and automation

I want to know more about: Leadership, Management and Entrepreneurship.

Julia Costacurta

*PhD candidate in Electrical
Engineering, Stanford University*

My instruction: *Workshops and
courses in data science, scientific
programming, and math*

My expertise is: computational neuroscience

**A software and computing problem I'm
grappling with:** Transferring code from one
numerical linear algebra package to another

I've got my eyes on: Learning and gaining
practice in effective teaching, applying to jobs 🤖

I want to know more about: Impact of
generative AI on teaching, interventions which
benefit underrepresented students

HSE Educator/Mentor community

<https://hepsoftwarefoundation.org/training/educators.html>

Here is the list of people for a special thank you for everyone who made our workshop possible.

- **Join our hackathons**
 - **In 1 or more topics**
- **Join our community**
- **Become training Educator**
 - **a mentor, facilitator, instructor**
- **Open a PR for any of our modules**

Group picture!
