

Session Program

20-22 Jun 2007

RICAP'07 - Roma International Conference on Astroparticle Physics

Plenary Session: UHE Cosmic Rays Detection

University of Roma "La Sapienza"
Piazzale Aldo Moro 2 00185 Roma - Italy

Thursday 21 June

14:30

Plenary Session: UHE Cosmic Rays Detection

Session |**Location:** University of Roma "La Sapienza", Aula Magna Rettorato, Piazzale Aldo Moro 2 00185 Roma - Italy

14:30-14:55

Acceleration and Transport of High Energy Cosmic Rays: A Review

Speaker

Pasquale Blasi

14:55-15:20

The origin of galactic cosmic-rays

Speaker

Joerg Hoerandel

15:20-15:45

Ultra High Energy Cosmic Ray Spectrum Measurement with HiRes Experiment

Speaker

Zhen Cao

15:45-16:15

Ultra - High Energy cosmic rays: the present status and future prospects

Speaker

Alan Watson

16:15-16:40

UHECR observation from space: perspectives for next-generation experiments.

Speaker

Alessandro Petrolini

16:55
