

Workshop on Advances, Innovations, and Future Perspectives in
High-Energy Nuclear Physics

Contribution ID: 21

Type: **not specified**

**Study of EEC discrimination power on quark and
gluon quenching effects in heavy-ion collisions at
5.02 TeV**

Tuesday 22 October 2024 09:45 (25 minutes)

Presenter: DAI, Wei (China University of Geosciences (Wuhan))

Session Classification: Plenary
