## C3Po1E - Magnetic Coolers

Poster Session | Location: Exhibit Hall, Tuscany Ballroom

### C3Po1E-01: Research on temperature control of Adiabatic Demagnetization Refrigerators

**Speaker**

Prof. Wei Dai

### C3Po1E-02: Design of a Three-Stage Continuous Adiabatic Demagnetization Refrigerator for Ultra-Low Temperature Applications

**Speaker**

Mr Changhyung Lee

### C3Po1E-03: Design and fabrication of CPA salt pill for adiabatic demagnetization refrigerator

**Speaker**

Mr Jangdon Kim

### C3Po1E-04: Design and testing of a tin superconducting heat switch for adiabatic demagnetization refrigerators

**Speaker**

Mr Zijie Pan
