

## Session Program

18-22 May 2025

## CEC/ICMC 2025 Abstracts & Technical Program

### ***C20r2B - [Special Session] Liquid Hydrogen Testing for Aircraft***

Peppermill Reno  
2707 S. Virginia St. Reno, NV 89502

# Tuesday 20 May

11:15

## **C2Or2B - [Special Session] Liquid Hydrogen Testing for Aircraft**

Session | Location: Capri 2/3

11:15-11:30

### **C2Or2B-01: [Invited] Design and Development of a State-of-the-Art Cryogenic Testing Platform for Liquid Hydrogen Applications**

**Speaker**

Shanaka Kristombu Baduge

11:30-11:45

### **C2Or2B-02: [Invited] Airbus Structures Test - Cryogenic Test Capability Development**

**Speaker**

Dr Harina Amer Hamzah

11:45-12:00

### **C2Or2B-03: [Invited] A vertically integrated cryogenic hydrogen testing laboratory**

**Speaker**

Prof. Jacob Leachman

12:00-12:15

### **C2Or2B-04: [Invited] The Development of a Liquid Hydrogen Test Capability for Aviation and Beyond as a US National Asset**

**Speaker**

Wesley Johnson

12:15-12:45

### **C2Or2B-05: Panel Discussion**

12:45
