

## Session Program

18-22 May 2025

## CEC/ICMC 2025 Abstracts & Technical Program

### ***M30r4B - [Special Session] Materials for High Field Magnets***

Peppermill Reno  
2707 S. Virginia St. Reno, NV 89502

## Wednesday 21 May

16:15

### M3Or4B - [Special Session] Materials for High Field Magnets

Session | Location: Naples 4/5

16:15–16:40

#### M3Or4B-01: [Invited] Quality assurance testing of materials for the 40 T superconducting magnet project

**Speaker**

Jun Lu

16:40–17:05

#### M3Or4B-02: [Invited] Composite materials for electrical insulation of superconducting coils

**Speaker**

Vincent Schenk

17:05–17:25

#### M3Or4B-03: [Invited] Cryogenic Performance of Superconducting Magnet Structural Materials in SPARC

**Speaker**

Dina Yuryev

17:25–17:50

#### M3Or4B-04: [Invited] Cryogenic mechanical properties of large forgings for high field fusion magnets

**Speaker**

Markus Kind

17:50–18:15

#### M3Or4B-05: [Invited] Advancing Cryogenic Material Testing for High-Field Superconducting Magnets

**Speaker**

Oscar Sacristan De Frutos

18:15
