## **Status on the Preservation of BaBar's data and analysis ability**

*Wednesday 2 October 2024 17:20 (20 minutes)*

BaBar's support at SLAC ended at the beginning of 2021. However, since the collaboration is still active, it is needed to be able to start new analyses. The presentation reports on the status of the preservation of BaBar's data and the ability to do new analyses. Issues that came up as well as issues that the effort may face in the near future will be detailed.

### **Summary**

**Author:** Dr EBERT, Marcus (University of Victoria)

**Presenter:** Dr EBERT, Marcus (University of Victoria)

**Session Classification:** Experiments and sites
