

## Session Program

7-9 Oct 2024

## Swiss Days of the CTA Observatory 2024

### *Stellar Intensity Interometry*

Swiss National Supercomputing Center / CSCS, CSCS Conference Room Ground Floor (E4)  
Via Trevano 131, 6900

# Tuesday 8 October

16:35

## Stellar Intensity Interometry

**Session** |**Location:** Swiss National Supercomputing Center / CSCS, CSCS Conference Room Ground Floor (E4), Via Trevano 131, 6900 |**Convener:** Prasenjit Saha**16:35–16:55** **The ASTRI intensity interferometer in the context of the CTAO****Speaker**

Luca Zampieri

**16:55–17:10** **SII capability with the LST cameras****Speaker**

Tarek Hassan

**17:10–17:25** **Stellar Intensity Interferometry with NectarCAM on the MSTs-N****Speaker**

Jonathan Biteau

**17:25–17:40** **Discussion (instrument development)****17:40–17:55** **SII results from VERITAS****Speaker**

Josie Rose

**17:55–18:10** **SII results from HESS****Speaker**

Naomi Vogel

**18:10–18:25** **SII results from MAGIC****Speaker**

Gilles Koziol

**18:25–18:35** **Discussion (science from precursors)**

18:35
