

Welcome to the 2nd DRD3 collaboration week

CERN, Geneva, Switzerland, 2.-6. December 2024

G. Kramberger (JSI)

M. Moll (CERN)

143 institutions / 700++ people in the community e-group

Main events since the last DRD3 week:

- Lots of scientific meeting across many WGs
- Preparation of WP projects is underway
- MoU is in the final stages of preparation
- We have the endorsed the rules of collaboration which will enable us to move to collaborative work
- New institutes wanting to join us.
- Things are really starting to evolve....

The status of the collaboration will be given before the CB meeting on Tuesday.
